HARRISBURG March 28. An incident which occurred last evening will afford our gossips food for a month, and must take precedence for to-day of legislative news. Theo. Fenn. editor of the Pennsylvania Telegraph, a batchelor of 45, met with the misfortune, some three months since, of falling desperately in love with the only daughter of one of our wealthiest citizens, a beautiful and accomplished girl of about 17 summers. Meeting occasionally, and only by stealth, he prossed his suit, and was accepted. Soon after the father of the lady discovered how matters stood, and enraged beyond measure, confined the daughter to her chamber, and otherwise prepared himself to defend his premises from intrusion.

For a week the fair creature bore her confinement patiently, but this morning it was found that some mysterious hand had withdrawn the bolts and bars. and that the bird had flown. Suffice it to say that the valiant editor bore off the prize last night about 12 o'clock, taking a fast coach for Reading. The lady is the daughter of Dr. Verbake, with cash in hand to the amount of \$17,000.

MUNIFICENT DONATION .- Hon. Nicholas Brown, of Providence, has bequeathed \$30,000 towards the erection of an asylum for the Insane in Rhode Island. Cyrus Butler, Esq. of the same town, has swelled the amount to \$70,000, by the subscription of \$40,000. These bestowments are to be applied to the end proposed, as soon as the further sum of \$40,000, making \$110,000 in all, shall be collected. For this purpose a general subscription has been

MELANCHOLY .- We regret to learn that Mr Win. IF A very considerable reduction in tolls has been made on the Columbia and Philadelphia Railroad and the Pennsylvania Canals. Flour is now carried to Philadelphia from Lancaster at 25 ets. per barrel. The reduction extends pretty generally to all articles carried on the Pa. canals and railroads.

STO SHAVE EASY.—A celebrated writer has defined man to be a shaving animal. This is doubtless true so far as relates to civilized man, tut a civilized man cannot shave without a razor, and he cannot keep his razor in good order without a strop. We would therefore just gently him to our readers that Saunders' Patent Mctallic Tablet Razor Strop, with four sides, has withstood the test of time; it having been before the public more than a quarter of a century, and it probably has no superior in giving that desirable keen edge to a good razor which renders shaving an operation Gat may be patiently enwhich renders shaving an operation that may be patiently en-dured.—[Boston Mercantile Joarnal mh27 3teod
